

Our Values

Quality & Design

Over 20 years collective experience and 5,500+ projects. Our dedicated team boast unparalleled skill and take pride in our craft.

Sustainability

Advanced manufacturing methods and SIPs construction designed for strength, energy efficiency and long-lasting performance. Offering a smarter alternative to traditional timber-frame methods.

Customer Care

Dedicated to creating strong relationships built on trust, integrity, and exceptional service. Supporting you from first concepts, through to build, and after-care.

Our Story

Your Vision. Our Expertise.

Foundry Living is a family-owned design and construction company based in Northamptonshire, specialising in bespoke Park Homes and Modular Buildings.

We combine contemporary design, premium finishes and advanced manufacturing methods to create beautiful spaces built with care, precision and long-term quality.

"This is the best finished home we've had on-site in 40 years"

Whether you own land, have found a park you love, or are searching for the perfect plot, we work directly with you to shape a space around your needs, location and vision.
